### F & G Offers Bounty For Crow and Magpie Feet

Announcement was made at the recent Vulcan and District Fish & Game meeting of a new crow and magpie campaign which is expected to be of interest to boys and girls in this area. President Bill Holton, in charge of the new committee on Crows and Magpies, gave information on the province-wide effort to control these predators. Locally the association will offer a bounty of five cents for each pair of crow or magpie feet turned in. Also first, second and third prizes will be given for the largest number of crow and magpie feet (or combination of both) taken by boys and girls. The contest is now on and will run 'till fall. All feet must be turned in to the office of the District Agriculturist in Vulcan by Sept. 30.

As explained by John Fowler, secretary of the Calgary Fish & Game who was in attendance at the meeting, crows and magpies are credited with the destruction of from 60 to 70 percent of duck and pheasant eggs at this time of year. In the face of growing hunter numbers and the need for maintaining a crop of this game for future years, action must be taken at once to cut the numbers of crows and magpies.

Last year, throughout the province, a total of 16,643 magpies and 7,107 crows were destroyed.

Another phase of Fish & Game assistance to youngsters is the pot-hole fishing which could be available here except for one problem — no pot-holes. The fish are available through game officer Freeman but the difficulty this year is in finding a pot-hole with sufficient water to warrant stocking.

Date for the second annual Junior Fish Derby was set and is Sunday, June 4, at Lake McGregor. Boys and girls under 16 may enter without memberships, however those entering fish in the open derby must have a membership to be eligible. In the open derby for 1961 a change affecting trout was made. Lake trout and stream trout will be placed in separate categories with a trophy for each.

Ueland's dam was recently checked to see how fish wintered and reports show they are plentiful but plain hard to catch just now.

A committee will be organized to set up a float to be entered

again this year in the Milo Race Meet in June and the Vulcan July 1st parade.

President Holton gave some statistics included in the report given by Curt Smith, director of fish and Wildlife at the February convention of Fish & Game held at Banff. 91,560 resident bird game licences were issued last year, 886 went to non-resident Canadians and 483 were taken out by non-resident non-Canadians.

160,000 big game licences were issued, 25 to non-resident Canadians and 39 to non-resident non-Canadians. Sheep and goat licences numbered 805 while the total number of angling permits issued reached 135,243. Convictions numbered 597 while the number of beaver taken was 684.

Eight more enforcement officers were taken on in 1960 and the following number of fish were planted: 73,000 lake trout, 2,000,000 rainbow trout, and 35,000 golden trout.

Membership in Alberta Fish & Game for 1960 was 15,183 coming from 83 locals. Vulcan's membership so far this year stands at approximately 160 with good likelihood of exceeding the 175 quota.

At the conclusion of the meeting the draw for the prize of a food hamper was made and won by Walter Salter of Milo.

In connection with new committees recently formed, Howard Hanning of Milo has been named to the investigating committee in his area.

### Services Held For Mrs. Lydia Taylor

A resident of Travers for 30 years, Mrs. Emmeline Lydia Taylor, aged 55 years, died on April 24, at the home of her son, John Taylor, in Calgary.

Born at Whitstable, Kent, England, she came to Travers in 1908, moving to Calgary in 1938. Also surviving are a son, Frank, in Calgary and four grandchildren and two great-grandchildren. She was predeceased by her husband, James John, in 1949.

Services were held on Wednesday, April 26, at Jacques Funeral Home, Calgary, with Rev. Wm. J. Laing officiating. Interment was in Union cemetery.

The ruins of the Carmangay school are shown in the above photo taken almost a week after the early morning fire which caused the destruction. The above shot views the central corridors of the school from the entrance and it looks as though it had been bombed out as well as burned out. Aside from the scraping of hanging pieces of metal against walls, the only sounds now heard around the school are of birds who have taken over to await the final levelling of the one-time seven roomed school. "No Trespassing" signs block off the gates now, the bicycle racks are empty, the swings, teeter-totters and playgrounds are likewise deserted.

In the photo at right taken from south-west of the school, the remains of the end wall, the skeletons of the shop, home economics and play room are shown with the auditorium wall at the end.

The shambles at right once was the home economics room and about the only recognizable objects in the whole school, other than twisted chairs and a bedstead, are the two kitchen ranges in the background.

Pupils from the school are now probably as well settled as they will be for some time to come. Classes are split between Champion and accommodation at Carmangay. Substitute desks and equipment are in use and from a brief visit to a quon-set styled building at Carmangay in which a youngster succeeded in interrupting class long enough to dispose of a spider in the waste paper basket, the students may have lost their school and books, but not their sense of humour.

### Moisture Situation Greatly Improved

Considerable improvement in the spring moisture situation was registered in the greater part of the county last week, when rain Tuesday night was followed by a day-long snowstorm. About one and three-quarter inches of moisture was received in the northern part of the county, falling off to about one and a third inches in the Vulcan district. The storm diminished as it swept south and east, with the Champion, Lomond and Carmangay areas receiving a reported one-quarter inches or less of precipitation.

However, the over-all moisture situation is much more encouraging than it was before the storm and spring work and seeding is now expected to proceed in a normal manner. It was cloudy and cool Tuesday of this week, with light snow flurries, but the forecast calls for warmer weather Wednesday and Thursday.

Grasslands, which were in poor condition this spring, are expected to also benefit greatly from last week's heavy snow.

Lomond; two sons, John Brotherhood of Lethbridge and Albert Brotherhood of Bowden; 13 grandchildren; a sister, Mrs. Arthur (Kate) Latter of Kent, England, and a brother, John of Armada.

Mr. Brotherhood was born in Kent, England and came to Canada in 1906 and took up a homestead. He lived in the Armada district until retiring to High River in 1955. He was a former member of the Lomond IOOF Lodge.

Services were conducted from the High River United Church on Thursday afternoon at 2:00 o'clock with Rev. Johnson officiating.

Pall-bearers were Dan Hume, Bud Bonney, Joe Gill, Charlie Fowler, Jack Marks and Harvey Boe. Interment was in the High River Cemetery with Snodgrass Funeral Home in charge.

### Vulcan Scouts Keep Active

Any Tuesday evening around 7:30 p.m. at the Scout Hall in Vulcan you will hear plenty of noisy activity as the Scouts hold their weekly troop meeting. The movement is enjoying one of its most highly successful years and the importance of training these young lives in the ideals of the Scout Movement cannot be over-emphasised. In the recent "Scout Week" the activities of the group were brought before the public and this is by way of letting you know

how these activities are kept up to fever pitch continually.

A contest has been in progress over the past few months to find the best all-round Scout in the troop and the winner of this contest will be going to a Canadian Jamboree this summer at Ottawa.

The Group Committee, who are the guiding hand of the movement in town have undertaken to underwrite all the expenses of the trip in recognition of the winners achievement.

Camps are now the chief topic of conversation and at least three are in the planning stage. One Patrol will be venturing out for a week end first of all and this will be followed by a Troop Camp in May and then a Lake McGregor District Camporee in June. The enthusiasm of the boys for these trips unbounded and this is a source of encouragement for their leaders and it is hoped to their parents too.

Scouting is not merely a meeting once a week for another night out and somewhere to go but is specifically an organised program whereby the boys are trained to be good citizens who are able to contribute something to the community of which they are a part. The hard work of such people as the Group Committee and support of the parents is what carries such a program through and anyone is invited to come along any Tuesday evening to see what goes on in the Scout Hall and to get some idea of how these boys are trained.

At Cost of \$175,898

Locally, the clubs are all sponsored by the Vulcan Lions Club with bats, balls, uniforms and similar equipment provided. All a youngster needs is a glove and a pair of running shoes and a desire to see what this sport is all about and he's on his way.

One problem facing Vulcan officials is the need for adult assistance in coaching and supervision. Last year two teams were entered

cyanide gas.

The concern is caused from the number of these guns that have been set and their locations lost. A hunter or a youngster could come across such a gun and in trying to pull it out of the ground to examine it, could discharge it and lose their life by inhaling the cyanide gas that would be released.

The Department of Agriculture have asked for an account of all cyanide guns. All farmers who have cyanide guns are requested to bring them in to the Service Board office as soon as possible.

### Iowa Will Host Appliance Dealers

Bill Giles of Wilson & Giles, Vulcan, will be among more than a hundred appliance dealers from throughout Canada who will be honored during Canadian Friendship Week at Newton, Iowa, while visiting the headquarters of the Maytag company, May 1.

Several special events are planned for the visit of the Canadians, who will gather in Winnipeg and Toronto from every part of the Dominion for chartered airline flights to Des Moines Sunday afternoon, April 30, with buses taking them the 30 miles to Newton. After a day of tours and meetings at the appliance firm's headquarters, the group will be guests at a banquet Monday evening before a parade and a concert. The return flight is scheduled for Tuesday morning, May 2.

### ELEPHANT BRAND FERTILIZER PAID FOR THIS CAR

This is not an exaggeration. By the proper and effective use of Elephant Brand fertilizer, thousands of farmers have been able to buy something they wanted, such as a new car or new farm equipment.

You make more money in two different ways when you fertilize with Elephant Brand. You grow better grade crops which sell for higher prices; you get greater profit from each bushel because it has cost you less to produce each bushel.

### GROWING BARLEY?

You can make extra profits of \$9.25 per acre and even more by fertilizing your barley crop.

Here is an example of how fertilizer increases profit from barley.

|   |               |

## Lomond News

Mr. and Mrs. Harry Clark returned home this week after spending a holiday in California, visiting their son-in-law and daughter, Mr. and Mrs. R. D. Armstrong and family and friends in various places. They also visited Disneyland and other points of interest while on their trip.

A good many Lomond residents are sick with the flu. It seems to sweep through a whole family in many cases.

Don't forget your donations to the Red Cross and Cancer Society. Time is running short.

Mrs. Doreen Hart entertained a number of ladies at a canasta party on Wednesday evening, April 19. Mrs. Anne Ruppert was the winner of the prize for the highest score. Low score prize went to Mrs. Marie Zambaldi. A lovely lunch was served by the hostess to end a very pleasant evening.

Mr. and Mrs. Reg. Frost were visitors in Calgary on Wednesday of last week.

Mr. and Mrs. Hirst Goldthorpe and son Keith were visitors in Lethbridge on Wednesday of last week.

Visitors at the homes of Mr. and Mrs. Henry Lindstedt and Mr. and Mrs. Art Marks last week were Mr. and Mrs. E. Hall of Chilliwack, B.C.; Mrs. M. Hall of High River and Mrs. Brian of Lacombe.

Mr. and Mrs. Denver Hart were visitors in Lethbridge on Thursday of last week.

Mr. and Mrs. Ralph Richardson and family of Berrywater were Sunday visitors at the home of the latter's parents, Mr. and Mrs. L. Chase.

The many friends of Mrs. Catherine A. McAllister wish to extend their sincere congratulations and best wishes for a very happy birthday. Mrs. McAllister will be 97 years of age on Saturday, April 29.

Mr. and Mrs. L. L. Tolley of Owendale were recent weekend visitors at the home of their son and daughter-in-law, Mr. and Mrs. Bill Tolley and family.

Mr. and Mrs. Bob Skeith and daughter Sandra of Lethbridge were visitors at their home in Lomond last weekend.

Mrs. Edith Bennett entertained at a canasta party on Monday evening of this week. Winner of the high prize was Mrs. Doreen Hart while low went to Mrs. Ardella Rainey. A lovely lunch was served by the hostess, ending a very pleasant evening.

### Club Meeting

On one of the last nights of March an undisclosed number of members and visitors of one of this town's ladies' clubs sneaked out on the old man and all kids and invaded Veronica's Villa on Lost Wages Boulevard.

Several high society ladies were modelling their latest chapeau of the loveliest of felt. Others were fashioned with the spring theme of flowers and misty veils. One bright new number featured the "Jackie Look."

Now just to have everything according to "Hoyle," the usual routine of business was rushed through. Some important items of business were moved and seconded without the knowledge of Madame President. A few ambitious souls offered to do a little committee work on a tea and bake sale to be held sometime this spring so we could settle down to a little card shuffling.

There were gaming tables everywhere. High stakes were only allowed in the gaily decorated sun-room. Not one was allowed to spend beyond April's housekeeping allowance, although one far-seeing lady did bring a crate of eggs in case she ran short. After several hours of bluffing and tricky card playing the hostess felt her guests should go home. Valuable prizes were presented to those who had not played before and for those who had a few extra cards hid up their sleeves.

A most efficient catering service was called in and lunch was served on the palm-decked terrace. Conversation was centered around the back-to-front look, the Red River Special and the tea-collector model.

### First Brownie Pack and First Guide Company

The 1st Lomond Brownie Pack and the 1st Lomond Guide Company held their first Mother and Daughter Banquet on Friday evening, April 21, at the Lomond Community Hall. The hall was attractively decorated with brown, gold and blue streamers, which fanned out over the tables. The front of the head table had streamers which dipped at the sides and were brought together at the centre top, under which, was a blue trefol, with gold lettering. On either side were gold Brownie men. The tables were centered with bowls of mixed spring flowers, flanked with lighted blue and white tapers.

The evening began with singing, "God Save the Queen," followed by the Girl Guides and Brownies repeating their promises. Invocation was given by Pastor Granberg.

Dinner was enjoyed by all consisting of ham, potato salad and all the trimmings served by a number of volunteer ladies in the community. Group singing consisting of three songs was led by Mrs. A. E. Clarke, district commissioner for the Chinook Rural Area. Welcome to the guests were extended by Mrs. Reg Frost, chairman for the evening, followed by the introduction of the guests at the head table. These were Lions Club President Hirst Goldthorpe and wife, Mrs. Ivy Goldthorpe, Pastor Granberg, Tawny Owl Miss Leona Booth, Brown Owl Mrs. Henry Lindstedt, Mrs. Reg Frost, Mrs. A. E. Clarke, Guide Captain Edna Koch, Guide Lieut. Carol Sukeroff, Mrs. Hawkins (commissioner for East Baden Powell) and Mrs. Jack Gerhan, president of the Good Will Service Club.

The toast to the mothers was presented by Brownie Glenda Root.

Mrs. Russel A. Honess very fittingly responded to the toast. A toast to the local association was given by Guide Marilyn Frost and responded to by Mrs. Mervin Liebrich. Guide Margaret Ruppert proposed a toast to the Girl Guide Movement, with a reply given by Mrs. A. E. Clarke. This was followed by an interesting summary on Guiding in other parts of the world, also on the forthcoming tour of Lady Baden Powell, World Chief Guide.

Guide Betty Coghlan extended thanks on behalf of the Brownies and Guides to the ladies who served and invited them to stay and watch the entertainment.

An enjoyable evening was brought to a close with entertainment by the Guides and Brownies. **Bethany Lutheran Church Women** The April meeting was held at the home of Mrs. Florence Sokvitne with Mrs. I. Magnusen as hostess, and was opened with the hymn, "My Faith Looks Up To Thee."

Pastor Granberg gave the de-

votional with a reading from the Bible and leading in prayer. The roll call was answered by 12 members turning in articles to be sold at the bazaar and tea. There were also seven visitors.

Correspondence consisted of two thank-you notes, also a letter from the Lions Club wanting the groups' opinion expressed in regard to use of any money left over from finishing work in the skating rink. The members were of the opinion that this money should be kept for upkeep of the skating rink. The conference to be held in Faith Lutheran Church, Calgary on May 1, was discussed and a delegate is to be sent. It is hoped that several more members will be able to go.

Following the old business all arrangements were made for the tea, sewing and bake table sale. The meeting was closed with the hymn, "Now Thank We All Our God," followed by "The Lord's Prayer," repeated in unison.

The next meeting will be held at the home of Mrs. Phyllis Huff on May 17. A very lovely lunch was then served by the hostess.

## Help Wanted... Now!

Little League and Babe Ruth League baseball is about to be resumed for the 10th year of operation in the centres of Carmangay, Champion, Mossleigh and Vulcan. With it comes the problem of adult help for the youngsters, which is being faced in Vulcan. Other towns likely are confronted with similar difficulties as they differ from Vulcan only in size — actually having fewer adults to draw from probably makes their situation more serious.

Vulcan expects to field two teams in the Little League and one in the Babe Ruth League for a season lasting roughly six weeks starting about May 8. Volunteers from grown-ups are going to have to be found to coach and supervise these clubs otherwise many boys will not be seeing action this year.

There was a time not so long ago when a young fellow was lucky to own a cast-off battered ball glove and the closest he got to a diamond and the organized game was out running down foul balls for the senior club, aside from the smattering of baseball played during the school day.

Today on an international scale there are over 5,000 little leagues helping youth grow through sport and a similar contribution has been offered fairly successfully to the boys of this area. In our town sponsorship is through the Lions Club and uniforms, balls, bats and necessary equipment are supplied, but for the key necessity, the interested parent or adult to look after clubs, the organization must turn to the public at large.

The objective of Little League Baseball as outlined in the league's doctrine is "to provide baseball for boys under good leadership and in the wholesome atmosphere of community participation." On the physical side, a 12-year-old boy has the opportunity of four years of supervised instruction in which to develop his co-ordination, quicken his reflexes and build his body. These are natural and needed essentials every parent hopes his boy will cultivate. Another feature with great possibilities is that, with such junior baseball being played in many other towns in this area, hope for some excellent intermediate age and future senior baseball is not out of the question.

But the intangible qualities, aside from those of a physical nature, qualities of discipline, co-operation, team-work and just plain good healthy living are on a par with anything else a boy may derive from the diamond.

Shoving a dollar bill into a boy's hand and pointing to the open door isn't enough to ensure his future. Handing over a set of keys to a car full of gas is more likely to lead the older teen-ager to a juvenile court than to any goal hoped for by the parent.

The Little Leaguers are about to go into action. They need the help and guidance of a "Big Leaguer" and that name fits the parent or adult who can see fit to spare the necessary time for this most valuable community service.

To the Editor of The Advocate,  
Dear Sir:

I thought it would be of interest to you and your readers to know what an insignificant place such as Shouldice is doing to provide entertainment for young and old.

Sincerely yours,

### ARROWWOOD

Wayne Gates of Swift Current, Sask., is visiting at the home of his aunt, Mr. and Mrs. Chester Arney.

While driving down the highway Monday night, Mrs. Thelma Bannister and girls hit an eagle that had a four-foot wing span. It is still living and Chuck Bannister is trying to nurse it back to health.

Mr. and Mrs. Norman DeWitt formerly of Edmonton are now living at the farm of Norman's parents, Mr. and Mrs. Mark DeWitt.

Mumps are still going around in the district.

Miss Nadine Arney gave her 4-H speech on "Stop, Look and Listen," that she placed third with in Vulcan and she now goes on to Lethbridge. Mr. Oakes then gave his report from the Home and School Convention held at Banff.

Election of officers was then held for the coming year with those being elected as follows: President, Chester Arney; vice-president, Ralph Oberholtzer; secretary-treasurer, Peter Brown; program convener, Marie Culp; health, Kay McInenly; community influence, Cordie House; school education, Grace Williams; parent membership, Lorraine Pobjst; publicity, Leona Walsh; hospitality, Ivy Seeley; resolutions, Paulette Cochran; nominating, Mrs. Oakes.

The meeting was brought to a close with a nice lunch served by Myrtle Williams, Phyllis Williams, Paulette Cochran and Margaret House.

### MAJORVILLE

The big news this week is the long awaited moisture that came on Wednesday when about 10-12 inches of heavy wet snow fell, bringing 1.10 inches of moisture. The snow fall, although leaving roads heavy in places was welcomed by all as a day or two before brought dust storms from the northwest and for the most part farmers were depressed by the dry outlook. It is expected that seeding will be underway as soon as the fields dry. School vans in some parts of the district only partially made their rounds and the Millo-Queenstown F.W.U.A. meeting was postponed for one week.

Congratulations and best birthday wishes go to George Greaves who passed his 80th milestone on April 21.

Mrs. Bartsch and her brother Collin Campbell visited with her son-in-law and daughter, Mr. and Mrs. Buford Culp of Arrowwood on Sunday.

Mr. and Mrs. Marvin Winch of Queenstown were dinner guest of Mr. and Mrs. Hugh Winch on Sunday.

Mr. and Mrs. George Klemme visited with Mr. and Mrs. Claude Buchanan at Ranier last week. Mrs. Damien Corbelle and family of Cluny were overnight visitors at the home of Mr. and Mrs. George Heather.

On April 15, the 4-H Calf Club met in Lomond to tour the calf club. Accompanied by C. Roth the 4-H members, pee wees, several parents and leaders were able to make a complete tour. Some very good calves were seen and if they continue to do as good they should

show very well by June 17.

At noon the club stopped at the Ray Elliott farm for a very delicious lunch prepared by many of the parents and served by Mrs. Elliott, Mrs. Root and Mrs. Lucas. Once again the club are indebted to the parents of the club. It is things like this that help to keep the club working perfectly.

While at the Elliott farm a club judging competition was held under the supervision of C. Roth. The tour ended about 3:30 p.m. in the afternoon.

A correction in last week's news: It should have read, Mrs. Mary Lindsay gave the toast to 4-H members, not Mrs. Findlay; and Mr. Lapp, district agriculturist, of Brooks, not Mr. Tapp.

A monument at Solferino, Italy, commemorates the birth of the Red Cross idea and honors Henri Dunant, the founder of the Red Cross.

### Letters To The Editor

To the Editor of The Advocate,  
Dear Sir:

May I have a little space to correct a misunderstanding which I believe may have occurred during a talk which I gave recently to the Arrowwood Local, F.W.U.A., on the topic: "Teaching at the School for Retarded Children in Calgary."

In the press report to your paper, the statement was made that the teachers in these schools were not paid by the government but gave their time and service gratis. While it is true that their salaries are not paid by the government, except in the case of the Provincial Training School at Red Deer, they are paid, nevertheless, by the associations for Retarded Children which exist at every point where a school for children of this type is located. I believe the misunderstanding probably occurred with reference to myself, in that, for a time I was regularly employed as a teacher in the Calgary school and paid as such, but was forced by ill health to give up the full time work. Since then, I have been associated with the school as a volunteer worker, and quite understandably, do not now receive any remuneration, except in the very real sense of satisfaction one derives from a share in such a worthwhile endeavor.

I felt this point should be corrected in fairness to both the associations and teachers, because any claim to public recognition of the importance of their work on the part of these teachers is based entirely upon the merit and justice of this claim and not upon a sentimental appeal to public sympathy. As such, I believe that such recognition should receive careful consideration from thinking people. I trust this letter of explanation may clarify the situation and my sincere thanks are due you for the privilege of using the columns of your paper for this purpose.

Yours very truly,  
Vera M. Hough.

To the Editor of The Advocate  
Dear Sir,

Home and School Convention is over. The delegates have returned and many have given their reports which we have received with interest and pleasure. Should this be the end as so often is the case?

Through your paper I would like to challenge all of your readers to become more informed with H & S policy. Begin if you like by reading the convention report and summary of resolutions found elsewhere in this issue. You will be convinced that no other organization is so vitally interested in what is dearest to you — your child. You have a responsibility towards making this organization set in motion its parent-teacher powers for good. If you have an association then attend, join and become active. If you haven't get busy, contact Mr. Smith of Milo, our new Regional Director and form one.

I would like to urge each association of the County Council to become informed and do some study on Community Colleges, to keep posted on the New Taxation Plan. To date we have had suggestions which we will discuss at our coming executive meeting.

Milo-Queensdown Charter Night

The Milo-Queensdown Lions Club held their 6th annual Charter Night at the Oddfellows Hall on Friday evening, April 14.

Corsages were presented to the ladies on arrival and were pinned on by Iona Umschied and Jean Chaffee. The hall and tables were nicely decorated in the Lions colors. About 170 Lions and guests sat down to a turkey banquet and all the trimming. The supper was served by the Lutheran Ladies' Aid and their helpers.

Call to order was given by Lion President Ray Gerding followed by "O' Canada," pianist was Lion Mel Schaub. The invocation was given by Lion Bob Umschied. Two minutes silence was observed in remembrance of the late Dr. Howard Bateman of Chateau, Mont., and Lion Clarence Umschied of Milo. Following the supper Lion president Ray introduced the toastmaster Lion Murray Phillips, who in turn proposed a toast to the Queen. The toastmaster then introduced the guests, clubs and

tailtwisters. The tailtwisters for the evening being Lions Floyd Armstrong, Les Robertson and Stewart Meadows.

Snow fell last week to bring a  
little moisture to this district; it  
will help some, but had there been  
as much as there was to the north,  
all would be smiling. This would  
have also helped the town water  
supply which looks too low for  
keeping lawns and gardens green.

A number of ladies called at the  
home of Mrs. L. Latiff on Tuesday  
of last week, to congratulate her  
on her birthday.
